SZ Own the Zone: Player Upgrade Info

We are excited to release the newest feature to assist in your recruiting journey to our **FC Tucson** players! **The ability to upgrade your SZ profile to the “Own The Zone” package is now a part of the ScoutingZone/FC Tucson partnership.** You will save so much time and be much more effective in your college search if you fully utilize the features available to you! It was just a few years ago that we were in your exact boots... trying to navigate the recruiting process... overwhelmed by options and confused as to where to start. *Our goal at SZ is to simplify the recruiting process in an authentic, helpful way by educating and empowering YOU to achieve your college soccer dreams.*

Here's an overview of the tools available with your Own The Zone upgrade...

College Search Function:

Find your perfect college match by filtering through all aspects that matter most to you in a college...

- **Financial & academic info:** available on every college in the US
- **Direct link to the athletic website:** easily access more info on the soccer program as well as other sports
- **Head coach email address:** an easy way to email the coaching staff. (Because assistant coaches change so frequently, only head coach is listed. HOWEVER, you can use the athletic website link to access the assistant coaches email addresses)
- **No need to Google every school anymore (yay!):** saving you hours and hours of time! You have it all in one place, at your fingertips!

A screenshot of the 'COLLEGE SEARCH' interface. The title 'COLLEGE SEARCH' is in white and green text at the top left. A search icon is at the top right. Below the title are several filter options: 'State' with a dropdown menu set to 'Any', 'School Type' with a dropdown menu set to 'Any', 'Athletic Assoc' with a dropdown menu set to 'Any', 'Min Enrolment' with a numeric input field set to '0' and up/down arrows, 'Max Enrolment' with a numeric input field set to '100,000' and up/down arrows, 'Setting' with a dropdown menu set to 'Any', and 'Conference' with a dropdown menu set to 'Any'.
